Application No.: 10/595,935

	An English translation of each document (or of the pertinent portions thereof), or a copy of each corresponding English-language patent or application, or English-language abstract (or claim) is enclosed.
	The requirement for a concise explanation of the relevance of any foreign language document is satisfied by the attached search report; citation of the documents cited in the search report shall not be construed as an admission that they are or are considered to be, material to patentability of the subject matter claimed herein (See MPEP §609).
	A concise explanation of the relevance of document(s) is set forth as follows: [Insert concise explanation of relevance]
	A concise explanation of the relevance of document(s) can be found on page(s) of the specification.
	A concise explanation of document(s) can be found on the attached sheet.
4.	No explanation of relevance is necessary for documents in the English language (see reply to Comments 67 in the preamble to the final rules; 1135 OG 13 at 20).
5.	Other information being provided for the examiner's consideration follows:

[A/An International Search Report, dated <u>April 18, 2005</u>, which issued during the prosecution of International Application No.PCT/HR2004/000052 which corresponds to the present application.]

6. In accordance with 37 C.F.R. 1.97(g) and (h), the filing of this IDS should not be construed as a representation that a search has been made or that information cited is, or is considered to be, material to patentability as defined in §1.56 (b), or that any cited document listed or attached is (or constitutes) prior art. Unless other-wise indicated, the date of publication indicated for an item is taken from the face of the item and Applicant reserves the right to prove that the date of publication is in fact different.

Early and favorable consideration is earnestly solicited.
